

Battery Packs

GECI Battery Packs systems are designed to offer superior performance the OEM counterparts offered by other manufacturers thanks to it's tubular cell technology and it's high frequency charger guaranteeing an optimal and quick charge.

We offer two standard models that fit most applications, but we can also design custom models for any sizes available in the current market.

Features:

- Tubular technology in BCI cells
- Lead/acid or gel cells
- Higher capacity
- Minimum water consumption
- Superior durability
- High resistance to vibrations
- Quicker charging time
- Better heat resistance
- Easy maintenance
- Bolted posts available
- High frequency integrated charger
- Custom models available
- Available in DIN and BS format
- 3-year warranty

GECI Battery Packs

Model Number	AH	Cover	Dimensions (L x W x H)	Avg. Weight
GT12-2PGI413	150	YES	25.25 X 7.50 X 22.875	360
GT12-85-5PACK	150	YES	26.125 X 7.625 X 24	547
GT12-85-7PACK17	170	YES	24.50 X 8.25 X 23.25	384
GT12-85-07-PACK	225	YES	31 X 8.56 X 23.25	512
GT12-85-11PACK	510	YES	31 X 13 X 23.25	850

Traction Pack with Charger

The GECI Battery TRACTION PACK is an integrated maintenance-free battery and charging system designed to maximize performance of 24-volt electric walkie pallet trucks. The Traction Pack contains a fully automatic, intelligent, intuitive charger for fail-safe operations.

Features:

- Utilizing deep-cycle-traction technology
- Intuitive charge-management
- Eliminates battery failures
- Fail-safe operations & opportunity charging advantages
- Optimizes battery performance and extends battery life
- Maximum restoration of battery amp hour capacity for longer run times
- UL listed options

GECI Traction Pack with Charger

All Packs Will Have A 175 Red Unless Requested Otherwise
 * Includes Watering System

POWER PRO

The latest innovation the POWERPRO with Carbon Nano technology. Designed to be easily installed into most Class III power pallet jacks. POWERPRO the most powerful long-life maintenance battery available in the market today.

Features:

- No Watering Required
- Completely Maintenance Free
- 184-amp capacity at the 5-hr. rate
- 750+ cycles at 75% depth of discharge
- Plugs into any standard 110-volt AC outlet
- Fully integrated UL approved automatic charger
- 2-year full replacement warranty

Model	ET-PRO-1	ET-PRO-2
Voltage	24 Volts	24 Volts
5Hr. Rate	184 A.H.	184 A.H.
20 Hr. Rate	220 A.H.	220 A.H.
